

**Summer Soulstice  
Restoration and Renewal  
An Experience to Empower Your RISE!**

**The Summer Solstice Gateway** is always a pinnacle experience. A midway point in the calendar year, the energy of this gateway is the tip of the arrow, the top apex of a pyramid in what is already an intense and expansive year!

The persistent streams from the Light Realms on how to power up and find greater Mastery this year, is to simultaneously go deeper in our excavation of old belief and story, in order to go higher in the expansion of our New Earth roles and greater purpose within the current Ascension process.

I've been guided to create a very specific container, working closely with the New Light levels and plasma flows, incorporating the Gateway energy of the Summer Solstice. This will be a comprehensive, 2 day event, that will really draw upon Mother Plasma, the Earths crystalline core and the current Magnetic shifts at the Galactic Center. We will work together, supporting one another with a Mastery Evaluation, from the Shining Ones (Galactic Center Origin), while journeying to 2 different locations over the 2 days: each a power spot with strong electromagnetic charge. These earth journeys exquisitely mirror the inner excavation of the small self, along with the RISE of New Human Technology, New Light Levels and Crystalline DNA Activation.

Spaces will be limited, to keep the work and container intimate. The experience will also entail journeying 2 full days out on the Earth. So, know your body's capacities. The experience will be both highly charged, yet profoundly healing to Krysted Hearts. **TIME TO POWER UP New Humans.**

**Some of the questions we will explore in the Mastery Evaluation:**

What do I truly desire?

How can I shift in this now moment?

Where are my weak spots?

How may I clear, release or upgrade my physical space, activities, and practices to support a new expression?

Am I willing to expand my heart to its full radiance?

What, if any, resistances do I still carry?

These may seem like simple questions to ask, but are they?

Are we truly ready to move on? The Earth Mother is a profoundly wise catalyst to heal and reveal these deep dive questions.

Between the crystalline rivers of plasma flowing from the Sun and the activation of Gaia's Crystalline core, there is a profound level of purity and Divinity flowing with the FREEDOM of a new creation. Are we truly ready to be free and in service to the New Realms present NOW, on behalf of an Ascending Humanity?
